|              |                                               |
|--------------|-----------------------------------------------|
| LENGTHS      | 6 m to 24 m · custom lengths available        |
| STEEL GRADES | S275, S355, ASTM, and equivalent steel grades |
| FINISH       | Black steel or protective coated finishes     |

## SECTIONS & ACCESSORIES

U-Type Sheet Piles

Z-Type Sheet Piles

Straight Web Sheet Piles

Cold Formed Sheet Piles

Hot Rolled Sheet Piles

Corner Sections

Tie Rods

Anchor Systems

Related Accessories

## APPLICATIONS

Infrastructure

Hydropower

Bridge Construction

Ports

Industrial Developments

Water Resource Projects

Flood Protection

Waterfront Structures

## KEY FEATURES

- Excellent strength
- Durability
- Corrosion resistance
- Reliable performance in demanding ground engineering applications
